04-20-99

On 04-20-99, I was attending a class and was informed via television that a serious incident was occurring at Columbine High School in Littleton. I contacted Criminalist Jennings from our crime lab and he indicated to me that I would be needed at the scene later in the evening as the Bomb Squad was still searching the school. I arrived at the scene Command Center at approximately 1800 hours and contacted Criminalist C. Andrist. I was informed that the Bomb Squad was still clearing the building and that we could not enter until the school was deemed safe. As we were waiting, I assisted Criminalist Andrist in organizing the Forensic/Crime Scene personnel from the various agencies that were at the scene to help process the school. After receiving the names of all the personnel that would be available to help process the scene, Criminalist Andrist and I placed everyone into five separate teams. We also had a team from Denver P.D. and two teams from the F.B.I. We were informed later that it would take most of the night to clear the school and we were sent home and asked to arrive back in the morning about 0600 hours on 04-21-99. I cleared the scene at approximately 0030 hours on 04-21-99..

04-21-99

On 04-21-99, at approximately 0600 hours, I returned to the scene at Columbine High School. When we arrived at the scene we were notified that we were still waiting for the scene to be cleared before the initial group could enter the scene for a walk through. I assisted in getting personnel from all agencies assigned to various Forensic teams. The location of where each team would be working would be decided later. I also assisted in helping organize a group of people to search Pierce St. and Clement Park, from the Command Post to the stop light in front of Columbine High School and beyond, for any evidence that might be related to the crime scene. The Command Post was to be moved down the road and it was suggested that the road and park be searched for evidence before any moving all the personnel to that location.

At approximately 1100 hours Criminalist T. Adair from the Arapahoe County Sheriffs's Office (ACSO), Criminalist T. Griffin from the Colorado Bureau of Investigation (CBI), Criminalist B. Lloyd from the Thornton Police Department and I were asked to enter the school and take overall video and photographs of the library and storage room where the victims were located. T. Griffin and I took photos and T. Adair and B. Lloyd took video of the two locations. After we completed the overall documentation of the scene we exited the school. At this time the teams were being organized and given a briefing on the processing of the scene and what areas the team would be working. I was placed on Team #1 and our team worked the east portion and hallway in the library.

After taking lunch, each team entered their area and began processing. I was assigned to Team #1 as the Jefferson County Sheriff's Office (JCSO) liaison. It was my responsibility to collect all the evidence from our portion of the library. Also on Team #1 were the following people: Barie Goetz, Ted Ritter and Don Sollars from the CBI, Tom Adair from the ACSO and Deputy D. Swavely from the JCSO. B. Goetz was the team leader, T. Ritter was our Firearms Expert and did most of the photography, D. Sollars was our Latent Print Examiner and T. Adair was in charge of sketching the scene. Deputy Swavely helped in the collection of the evidence.

In the east section of the library we had a total of five deceased victims. We concentrated the initial processing of our side of the library to the evidence around the five deceased victims so that the Coroner's office could get to the bodies and remove them from the scene. We continued to work the evidence around the bodies which included locating, marking, photographing, sketching and collecting. The five deceased victims were removed by the Coroner's Office and I exited the scene by about 2135 hours. All evidence collected and film taken on 04-21-99 was placed into the evidence command area by myself on this date.

04-22-99

On 04-22-99, at approximately 0800 hours, I entered the scene at Columbine High School with other members of Team #1 to continue to process the east side of the library. All the deceased victims had been removed from the library on the previous day. We continued to locate, mark, photograph, sketch and collect items of evidence throughout the day. We also started to inspect the backpacks for evidence and to see who they belonged to. We continued the processing of the library until approximately 1700 hours when we cleared the scene. All evidence collected and film taken on 04-22-99, was placed into the evidence command center by myself on this date.

04-24-99

On 04-24-99, at approximately 0635 hours, I entered Columbine High School and picked up film that I had taken on my initial walk through on 04-21-99. I transported the film to the Arapahoe County Sheriff's Department where I meet Criminalist Adair. Adair printed 3 x 5 photographs of the eight rolls of film. We then took the film and photographs back to Columbine High School where we entered the library at approximately 0800 hours. Evidence placards had previously been removed when the evidence was collected. We replaced evidence placards where they were originally located. After replacing the placards we started working in the back hallway of the library. We located, marked, measured and photographed evidence located in the hallway and office area. We completed the processing on 04-24-99 and I cleared the scene at approximately 1200 hours.

On 05-18-99, at 1342 hours, I received three tubes of blood from Coroner N. Boldelson. The three tubes of blood included one red, one purple and one yellow top tubes of blood from the autopsy of (S) Klebold, Dylan. I also received a list of DOB's from all the deceased victims and suspects. The blood was later taken to the Jefferson County Sheriff's Office and entered into evidence under JCSO evidence #8779.

On 08-11-99, I photographed a bullet that had been located in Item #729-C. Item #729-C is the red and black 'North Face' backpack of Corey Depooter. There was an entrance hole in the lower left side of the backpack. Inside of the backpack was a white notebook. The spine of the notebook had a hole in it and a bullet just on the inside of the spine of the notebook stopped by the metal binder. I photographed the backpack, notebook binder and bullet. The evidence was then resealed and returned to the evidence vault.

The following is my photo log.

- #18: CR Placard
- #19: White notebook #729
- #20: Hole in notebook with scale
- #21: Deformation of metal binder and bullet with scale
- #22: Bullet from binder with scale
- #23 & #24: Hole in backpack
- #25: Hole in backpack with scale
- #26: Hole in backpack with scale

A copy of this report is being directed to Inv. Battan.

On 062199, at approximately 0850 hours, I entered the Evidence Vault to photograph evidence located in backpack #2372. The backpack was property of Rachel Scott. The backpack had been struck by a bullet which entered the back of the backpack, traveled through a checkbook and book and ended up in the backpack setting on the books. I photographed the backpack, books and bullet and then collected the bullet. The bullet was entered into evidence as Item #10283 and later submitted to CBI. The following is my photo log.

Roll #1:

- #1 Out of focus CR Placard
- #2 CR Placard
- #3 Backpack
- #4 Hole in backpack with scale
- #5 Hole in backpack with scale
- ) Contents of backpack
- #7 Bullet, checkbook and book with holes
- #8 Bullet with scale
- #9 Book with hole
- #10 Checkbook with hole and scale
- #11 CR Placard

On April 20, 1999, Criminalist V. Spelman and I were requested to respond to Columbine High School. We arrived at approximately 1300 hours and were briefed by Sgt. R. West. I videotaped the students as they arrived at the northeast parking lot of Clement Park. I then took three (3) rolls of aerial photographs.

At approximately 1800 hours I was requested by Lt. J. Kiekbusch to proceed to Wadsworth and Coal Mine Rd. to assist West Metro Fire Department Investigators. Deputy J. Savage took me to that location where we were briefed by Lt. D. Pfannenstiel and Investigator W. Maron. Deputy Savage and I assisted in the photographing, sketching and collection of evidence (see photo log and Evidence Report). We cleared the scene at approximately 2230 hours and returned to Columbine High School. I was then requested to photograph picnic area G in the southeast corner of Clement Park where "420" and "187" were discovered on one of the picnic tables.

On April 21, 1999, I assisted in the scene search of the southeast area of Clement Park and Pierce Street. I was then assigned to Crime Scene Team 2 with T. Griffin, R. Swanson, A. Hammond of CBI and L. DeLong from Arapahoe S.O. where I documented, collected, and sealed evidence in the west section of the library. I was assigned to Team 2 until Monday, April 26, when I was requested to return to the J.C.S.O. lab to process and print photographs of this scene.

ORIGINAL

FEDERAL BUREAU OF INVESTIGATION

Date of transcription 5/3/99

On April 28, 1999, aerial photographs were taken of Columbine High School, adjacent to the intersection of Pierce and Wadsworth, Littleton, Colorado.

---

investigation on 4/28/99 at Littleton, Colorado  
File # 174A-DN-57419 Date dictated 5/3/99  
by SA Ernest R. Hawkins:mfw <sup>CWS</sup>

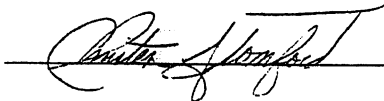

JC-001-011775

CR # 99-5625b  
1<sup>st</sup> Degree Murder  
04/24/99  
Sgt. Chris Tomford

On 04/21/99 at about 1400 hours, Sgt. Pat Woodin advised me that some graffiti had been etched into a picnic table in one of the shelters in Clement Park. She felt the graffiti may be related to the Columbine High School suspects and requested that photographs be taken. I borrowed a 35-mm camera from a Littleton Police Department investigator and located the table in a shelter on the southeast side of the park. The graffiti read, "187" and "4 20" with some sort of design below it. The following photographs were taken about 1405 hours:

1. CR Placard
2. Overall of shelter facing west
3. Overall " " facing east
4. Overall " " facing north
5. Overall " " facing west
6. "4 20" and design on picnic table
7. "187" on picnic table
8. " "
9. " "
10. Overall of picnic tables
11. "A>" etched on adjoining table
12. Overall of shelter facing south

The camera was returned to the Littleton Police Department investigator and the film was submitted to the JCSO Criminalistics Unit for processing.
