On April 30, 1999 at 1330 hours I met with Sean Graves, his father, Randy Graves and his mother, Natalie Graves at Swedish Medical Center, 701 West Hampden Avenue Room 4272 in Englewood, Colorado for the purpose of an interview.

Sean Graves was shot during the incident at Columbine High School and was providing additional information about the incident, which occurred on April 20, 1999:

- Sean stated that he had math class right before the lunch hour. He stated that he got out of class at 11:10 a.m. and went down to the cafeteria. He stated that he was with the following students when they sat down at what has been identified as table "XX", per the FBI Evidence Diagram:

Anthony Caruso (sic)✓
James Medough (sic)
Nick Baer (sic)
Fletcher Woolvsey (sic)✓
Lance Kirkland (sic)
Dan Robah (sic)

- Sean stated that the second bell (11:15) had already rung at that time and that he went to get a "pop" out of the machine by the teacher's lounge. He stated that he did not want to wait in the lunch line, which seemed unusually long at that time. He stated that he then returned back to the table with the other students.
- Sean stated that he did not see anybody carry any large duffel type bags into the cafeteria while he was in there. He stated that while getting to his table, he did not see any large bags on the floor either.
- Sean stated that Lance was making a centerpiece out of everybody's plates on the table. Sean stated that this was typical for Lance. He stated that Lance then wanted to smoke, so he (Sean) decided to go outside with Lance and Dan. He stated that they walked to the west door near the teacher's lounge in the following order: Dan, Lance and Sean. Sean estimated the time to be at or about 11:30 a.m. at this time.
- Sean stated they exited the west cafeteria doors (near the teacher's lounge) and began to walk up the hill. He stated that they did go through the chain link fence and were walking up the dirt path along side the sidewalk. Sean stated that he remembers "looking up the hill and seeing black clothes" and that the people "wearing the black clothes were shuffling with some bags lying on the concrete at the top of the hill". Sean believes that there "were two of them", based on what he observed in the moments to come. Sean described the "bag" as a "duffel bag" that was at the "feet of the tall one (person in black)".
- Sean stated that they kept walking up the hill and when they were "almost at the top" he saw these "two guys in black facing the big hall doors". Sean stated that the "two

 - There was a "black duffel bag at" the feet of # 2.
- The following are the movements of gunman # 1 and # 2 as described by Sean Graves:

 - Sean stated that there were "more shots by Lance and Dan" and that he (Sean) "looked up and saw a bunch of blood on Lance's face". Lance was by the stairs and was wearing shorts.
 - Sean stated that a "female Dean (unknown as to whom) started to pull me into the cafeteria and a worker said not to because of my back".

 - Sean stated that a "lady tried to comfort him" and then she left.
 - Sean stated that he "figured they were shooting people that were still alive" so he decided to "play dead".

He stated that he has "seen them in passing", meaning in the halls and "doesn't know any of them by name".
 - Sean stated that he does have a "family computer" and that his "e-mail address is STG30378@aol.com" (STG are his initials, 303 and then the last two digits of his telephone number). Sean stated that he is "familiar with ICQ, but could never get it downloaded" and that he plays "e-mail tag with friends and goes to chatrooms in Denver". He stated that "he doesn't do anything weird" and other than a "couple of jokes" has never received anything "weird over e-mail". Sean's mother and father confirmed his limited knowledge and access to the Internet.
 - Sean stated that Mr. Stockholm, a teacher at school, challenged the students to break into the school's computer system, but that he never could. He was not sure if anybody had "broken into the school system" as of yet.

 - Sean stated that he did not see any of the TCM members earlier in the day (April 20th).
 - Sean stated that he has watched the news a couple of times, but has not seen any newspapers since being shot at Columbine High School. Sean stated that he saw a picture on TV of a "guy on a cross" that he thought that he "recognized as being the gunman", but was not sure. Sean stated that he had not been formally shown any photographs to date.
 - I then asked Sean if he was feeling "well enough" to view several photo arrays, to which he replied "yes". I read the photo lineup questionnaire to Sean as he read

along with me and then showed him three separate photo arrays. Sean did not recognize anybody in two out of the three photo lineups (containing Harris and Stair). Sean did identify photo number three (3) on the third lineup as the person who "shot him". Sean initialed the photograph in position # 3 and indicated in writing that he was "positive" of this identification. Please note that Dylan Klebold was in position # 3 of this photo lineup.

I gave Randy Graves my business card should they need to have a contact regarding this incident. Included with this report is the diagram that Sean drew his location, entrance into and exit out of the cafeteria.

The photo line-ups were booked into evidence on May 3, 1999 at 1220 hours under item number 10081 (evidence custody sheet attached).

Also attached is the original interview of Sean Graves conducted by Jacki Gee of Arapahoe County Sheriff's Office.

Nicole did not see any guns. Two Fridays ago was Eric's birthday, on April 09. Eric had his eighteenth birthday and they had fun. She also related after the party last Saturday, he seemed fine.

This Investigator asked Nicole if she heard anything about the group being gay. She indicated she heard that the guys sleep with the guys, the girls sleep with the girls then they trade. However, per Nicole this is not true. Nicole related she did not know about the Trench Coat gang until her sophomore year.

Nicole identified other girls who still date guys in the group and several who have left. They are:

THEIBAULT, KRISTIN
HANLEY, KRISTA

PERRY, LIDDY

Nicole related she has never heard anything about the group being a hate or racial group. She did relate that Eric Harris was really funny.

When the shooting began, Nicole was in the cafeteria, in the lunch line. Her brother came in and yelled, "Get the Fuck down, get down now." Nicole looked outside and saw a big white canister go into the lot. She then heard some gun shots outside. She heard four or five shots. Chris, her brother, was yelling at everybody to get out.

This Investigator asked Nicole if she has ever heard of a game being played at school called "Annihilation"? Nicole related it is played by wearing a white T-shirt and paying ten dollars to play. The students using water pistols go around the school and shoot their target. It occurs every year for the seniors.

Nicole also related there is another game being played at school called " SHADOW RUNNING." In this game the student makes up a character. Then by using dice you destroy other characters.

This Investigator asked Nicole if she has any idea why this occurred and she related possibly because of Hitler's Birthday. Nicole related she has never been in Eric's house, that she just drives by their home. She has never gone inside.

When Nicole was asked about their anger, she indicated they never showed her any anger or their troubles. Sherry Markham indicated that most of the kids involved are computer nerds. Reb has designed different levels of a computer game.

This Investigator asked Nicole if she knew for sure if anyone in the group is gay and she related that nobody in the group that she knew of is gay. She relates everyone is straight.

That Sean again stated that when they first started shooting he thought they were using "rubber rounds".

That Sean stated that he thought it was a joke, and didn't think this would happen at his school.

At the request of Investigator Moomaw, friends of Christopher Richard Morris, responded to the Arapahoe County Sheriff's Office on 042099 at 1900 hours.

This Investigator interviewed one of the subjects identified as:

Markham, Christopher Shan

Ph# 303-904-3538

Christopher advised the following:

That Christopher's sister had been dating Christopher Morris for about two years.

That Christopher believes that he knows who the suspects are (based on news reports) and stated that they are known to him as "Reb" and "Dylan".

That Reb and Dylan have been at his house before and he described them as normal guys.

That Dylan drives a BMW with "Nine Inch Nail" stickers on it.

That Christopher is a student at Columbine High School and was in the lunch room today when he heard "popping noises" so he went to the window and saw Sean Graves laying on the ground.

That Christopher began running through the lunch room yelling for people to "get down" and also yelling that "Sean got shot".

That Christopher stated that windows were shattering in the lunch room by the vending machines.

That Christopher recalled hearing a "boom" and looked out the window and saw a tall, gangly white male wearing a black ski mask and trench coat and a shorter male (back side only) wearing a black trench coat standing by some cars, laughing, and also stated that he saw smoke and fire.

That he saw a group of people running behind him "like a hurricane" so he jumped over a rail and continued running through the halls toward the front entrance, knocking on doors as he ran to warn people.

That Christopher also stated that he heard "pops" near the office area so he assumed that there might have been a third suspect although stated that he did not see a third suspect, and further advised that it could have been the two guys he saw outside shooting.

That Christopher got outside and did not see anything else regarding the shooting .

That Christopher Morris used to wear a trench coat and "hung with Reb and Dylan", although the group broke up over the summer and after Christopher Morris started dating Christopher's sister, Nicole, he quit wearing the trench coat and didn't hang with Reb and Dylan "too much".

That Christopher Morris started wearing a black jacket instead with an "anarchy patch" on it, which Nicole sewed on for him.

That Christopher only saw Reb and Dylan wearing the black trench coats this year and advised that the "jock's" gave them the name, "Trench Coat Mafia", but they liked the name so they decided to keep it.

That the last time Christopher saw Reb and Dylan at his house was over the Christmas holiday.

That Christopher described Reb as the short one and Dylan as the tall one.

HEATHER ANN LIETZ

05/14/99, 0845 hrs. Heather Lietz was interviewed by Detective S.C. Shott #72049 (DPD) at the Denver Police District Four substation, 2100 S. Clay St. Heather's father, Officer John Lietz was present and sat in on the interview.

Ms. Lietz reported that she was in her 5th period math class (math classroom 10) when the incident started and she was unaware of any shooting going on at that time. While in class she could hear people running down the hall and her teacher (Mr. Havens) when out to tell whoever was running to be quite. The teacher came back into the classroom moments later and told everyone to get out. At this time, the fire alarm activated. Ms. Lietz said that she went out into the hallway and saw the fire doors close. At first she thought that the science lab blew something up that caused the alarm to go off. Ms. Lietz said that the class handled the situation as a routine fire drill and left the building. Once outside, a teacher was there and told everyone to ~~jump the fence and~~ run across the street. She said that she ran across Pierce St. then into Leawood Park with other students. She did not hear any gunfire coming from the school until she got to the park. She said that the gunfire was coming from somewhere inside of the school. Ms. Lietz said that they left the park and went inside of a woman's house (name unknown) and watched the incident on TV. When they heard that the Trench Coat Mafia was involved one student (Devon) said that it was probably Eric and Dylan.

Ms. Lietz said that she left her backpack inside of her classroom in the second row, first seat from the door. She said that she saw the thought of the day and believed that it said, "Today is going to be a bad day". She said that she knows Dylan Klebold because she went to grade school with him. She does not know Eric Harris or any of the other TCM gang. She did not see him on the Monday prior to the incident nor did she see him on the day of the incident. The only people she knows who has a (double pierced eyebrow is Brea (LNU) and Mark Hangle.)

Ms. Lietz said that either on the first or second day that she attended Chatfield High, she talked with Lacey Smith. Smith told her that she was in the cafeteria at the start and a third person came up to her and said "Hi Lacey" then stepped around her and began firing into the cafeteria. She did not reveal the name of this person but did say that it was not Eric or Dylan.
