INVESTIGATION:

On 05-27-99, at about 1530 hours, I interviewed Liz Keating over the phone. Keating is the librarian for Columbine High School. I asked her to recount for me her activities and observations on 04-20-99.

Keating stated she arrived at the school and opened the library between 0615 and 0630 hours. She parked her car by the boilers, which is on the second level near the west entrance. Keating stated she opens the library early for students who get dropped off early. I asked her what students were in the library early on 4-20-99. Keating could not recall. She stated that Carol Weld would probably know. Weld is her assistant.

Keating did say she thought that Brea Pasquale was in the library that morning. Keating states that often Brooks Brown comes into the library early, but she does not recall him coming in early that morning. Keating’s two assistance, Carole Weld and Lois Kean are her assistants and they arrived at 0700 hours. I asked Keating if she went down to the cafeteria at any time during the early morning hours. She stated she did not. She stated that about 1000 hours she briefly went down to the school store. I asked her if she noticed anything odd at that time or noticed anyone carrying anything heavy. She stated she did not.

I asked Keating if anything unusual happened the morning of 4-20-99, other than the shooting. She stated that their brand new security system in the library, which is only six months old, was continually activating. She stated the problem was going on all day Monday the 19th and continued the morning of the 20th. She stated they never had a problem prior to that with the
system. When the students would walk through the detectors the alarm would activate. They would check the students to see if they had anything on them that they were not suppose to have, but nothing came of the searches. Keating states that the system resets itself.

About 1115 hours, Keating went to lunch with three other teachers, Cindy Hoffman, Barb Haricawa, and Mary Swanson. Keating states that she has two dogs at home and she generally goes home during lunch hour to let them out. That day she and the three other teachers went to her home. She stated that she exited the building by going down the hallway into the custodians office. She saw nothing out of the ordinary and heard no loud noises. She does not remember seeing anyone when she left the building.

When Keating returned she was driving east on West Bowles Ave. and noticed several students running up to her car. She saw two of her student assistants, whose names she could not recall. She stated that the students told her that there was a shooting in the school and that "Dylan and Eric" were the ones shooting. Keating told me that she was not sure whether or not the students mentioned Keating stated she took the two student assistants home and then returned with the other teachers to Leawood Elementary to assist with the students being evacuated there.

Kyle said that he did not see the incident, does not know anything about it and does not know the suspects involved in the case. Jay Alsup, CBI
On 05/21/99 this investigator met with a student of CHS identified as:

Kinell, Renee Michelle
DOB: 02/10/84
5805 W. Leawood Dr.
Littleton, CO 80123
Ph#: 303 798-5806

Renee's parents, Debi and Tim Kinell were also present during the interview. Renee advised the following:

That right after the CHS incident, Renee advised that the “word” was that the TCM was responsible and also stated that she did not believe that Eric (Harris) and Dylan (Kebold) were members.

That Renee met Dylan in the fall of 1998 through the drama group at CHS, while working on the “Frankenstein” play.

That Renee also met Brooks Brown at that time as he had the lead part in that play, and was also in her choir class that semester.

That Renee did not know Eric at all other than seeing him in the halls at school.

That Renee also knew Brooks and Zack Hackler from the drama group and stated that Brooks and Zack did the senior video together.

That Renee talked to Dylan a few times and advised that he was really nice and funny on the senior video.

That Renee was aware that some of the kids in the drama group were “at odds” with Brooks because a lead male role was written for Brooks in a play and he refused to do it.

That Renee was aware that Brooks and Dylan went to the administration (Mr. Deangelis) with Brooks's own play but the original play, “Smoke in the Mirror” was chosen.

That Renee did not believe that Brooks had prior knowledge of the CHS incident because he has a reputation for being a “male gossiping” and she does not believe that Dylan and Eric would trust him with that information.

That Renee also advised that she is not surprised that Brooks is on television so much (as a result of this incident), stating “He’s an actor.”

That Renee advised that Brooks and Dylan appeared to be good friends at school although she never saw Brooks wear a trench coat and Dylan was always wore black clothes and a trench coat.

That in regards the TCM, Renee stated that she thought it was funny and a joke and believed that some of the other kids at school gave them the name.

That Renee stated that she was not a member of TCM, and did not associate with the members other than at school through the drama club.
That Renee was around Dylan during the cast/crew party after the “Frankenstein” play, advising that he was “a fun guy”, and stated that she did not know him well enough to talk about “weird things”.

That Renee did state that she thought Dylan was a little strange because he “hid in the shadows” and didn’t like to be the center of attention, although he could have been because he was so funny.

That Renee had left school early on 041999 due to a sore throat and did not amend school on 042099.

That Renee was with her mother, Debi, at Hobby Lobby when the incident occurred.

That Renee had heard rumor that during the first week at Chatfield High School, a student named Brittny Tyak had received a note from an unknown female that claimed that she was friends with TCM members and knew that this incident was going to happen.

That Renee also questioned statements made by Eric Veik, advising that she did not think that he knew Dylan and Eric (Harris) as well as he claims to and feels that he just wants to be a part of this incident.

That Renee advised that about 20 kid’s from the drama group hung around her house for about 2 days after the incident, including Brooks and Zack to talk about what had happened, although she did not hear anything to indicate that anyone had prior knowledge or was involved.

INVESTIGATION:

On May 4, 1999, between the hours of 1048 and 1142, I had an opportunity to speak with Bucky in reference to the incident at Columbine High School that occurred on April 20, 1999. Also present during the interview was his aunt, Barbara Rice.

Bucky stated on April 20, 1999, as part of his regular schedule, he goes to a bowling league at Belleview Lanes, which is located at South Federal and Belleview Avenue, and the bowling league runs from 0600 to 0730 hours. Bucky stated other members
of the league include Eric Harris, Dylan Klebold, Nate Dykman, and Chris Morris. Bucky recalls that the only member of that team he observed at the bowling alley was Nate Dykman.

Bucky advised that after they had completed the bowling that he returned to school and he arrived at school around 0820 hours, at which time he parked his vehicle in the Senior parking lot, space #161. Bucky stated he did see Eric Harris or Dylan Klebold's vehicles parked in the parking lot at the school. Bucky proceeded into the high school, telling me that he went into the cafeteria area, at which time I showed him a map of the cafeteria, and he stated that he sat at table H. At about 0840 hours, Bucky left the school, stating that he went to McDonald's to get something to eat. After he had gotten something to eat at McDonald's he later returned to school, where he attended his fourth hour class, which starts at 1020 and is a psychology class taught by Mr. Thomas Johnson.

At about 1110 hours, after Bucky was released from his fourth hour psychology class he went home for lunch. He stated that he walked west down the main hallway of the school and walked out the west door, which is just to the north of the library. Once outside the school he proceeded into the senior parking lot, got into his vehicle, and left the school and proceeded home for lunch.

Bucky was asked if he saw anything out of the ordinary in the senior parking lot or just after he exited from the school. He stated that he did not observe anything going on which lead him to believe there was problems. Bucky was asked if he observed the two large bags, described as duffle bags or gym bags that were later found in the cafeteria area, one being blue in color, and the other being a reddish/orange. Bucky could not identify those bags, telling me that he did not observe them. Bucky went on to further state that he did not see any gunmen at the high school and that he left prior to the incident. Bucky was unable to provide a description of the clothing he was wearing on the incident date.

I went out to lunch with Emerson Wiets my boyfriend he goes to Green Mountain H.S. Emerson picked me up with lauren Butcher and Chris Felding we went to the Southwest Pizza Man. A friend left Camp me and toad said there was a shooting at Columbine and we had to back. We did go back.

I do not know either of the shooters. I have seen people in trench coats at the school. But I don't know anybody who wears one. I have most of friends who were shot but the time of the incident but weren't hit.

I usually went out to lunch.

I was assigned a lead to contact Amanda Lamontagne in reference to the Columbine incident that occurred on 4-20-99. Through the use of school records we had identified Amanda as having lunch period “A” and I was contacting her to see if she was on campus when this incident occurred.

Information obtained was that Amanda had left the high school at about 11:15 hours, where she met with her friend by the name of Wesley Threlkeld. The two of them proceeded out the main entrance, and walked north to Clement Park where they got into Amanda’s vehicle and went to McDonald’s for lunch.

LAND, KEVIN, DOB/03-07-55
2009 South Zephyr Court
Lakewood, Colorado
(303) 985-2009
Occupation: Assistant Principal/Columbine High School

INVESTIGATION:
On Thursday, July 14, 1999, I contacted witness Land by telephone at his residence. This was approximately 10:35 hours. I was informed that Mr. Land is an assistant principal of the school and was at a meeting in Northglenn on 4-20-99. He was told around noon of the situation occurring at the high school and had left the meeting. He said that he was only able to obtain “spotty” information, via his radio in his vehicle, and was uncertain as to the status of the situation. Witness Land said that he had arrived in the area at approximately 1300 hours that day, and was unable to get in the area based on traffic barricades and also traffic volume in the area. He said that he was able to talk to a police officer who eventually escorted him to the Leawood Elementary School. He said that while at the school there were many parents and students already on scene, the media was also on scene, and he was coordinating students signing in and eventually matching them up with their parents who were continually arriving in the area. He said he was also coordinating faxes from the Columbine Public Library where other students and parents were showing up and providing that information as to where students and teachers were at. He said that he was also helping getting students and teachers off the buses arriving at the school, and had eventually helped victim advocates arrange information through parents of students who may still be in the building. Basically, witness Land said that he just coordinated efforts at the school until approximately 2300 hours that evening, at which time he went home. After he returned home, he said he went to another teacher’s house, Patty Neilsen, who also lives in the area, at approximately 2330 hours, and talked to her for a period of time. When asked, witness Land said he had no personal knowledge or contact with either Eric Harris or Dylan Klebold. He said he had no prior knowledge of the “Trench Coat Mafia” and since he was not at school that morning did not see the message of the day on the school announcements. Witness Land could not provide any more information specific to 4-20-99.

DISPOSITION: Open.

INVESTIGATION:

On June 14, 1999, at about 0915 hours, I contacted Destinie Laniel at her residence, (303) 948-9360, concerning the incident at Columbine High School, which occurred on 4-20-99. Laniel stated she was absent from Columbine High School on 4-19 and 4-20-99 due to an illness. Laniel stated she did not know Eric Harris or Dylan Klebold. Laniel stated that she had never heard of the “Trench Coat Mafia.” Lead #3994 closed.

DISPOSITION: Open, pending further investigation.
LAPLANTE, J.
SOURCE: Kristine McCauley - Bowling Teacher

LEAD: Interview student Jen LaPlante whom was said to have mentioned seeing Klebold and Harris at the early morning bowling class the day of the shooting.

TELEPHONE INTERVIEW:

LaPLANTE, Jennifer Suzanne (DOB: 11/05/80)
7268 W. Fremont Drive
Littleton, CO 80123
(303) 948-7659

05-27-99 / 9:50am

LaPLANTE began by saying she had received three messages from Columbine Task Force investigators, however, she did not get a response when she called their pager numbers.

LaPLANTE explained that she knew Eric HARRIS "really well," but qualified this saying she had classes with him in the past and that they often spoke behind Blackjack Pizza where he worked and when they bowled at Rock-N-Bowl. She said HARRIS was always nice and the news of what he had done came completely as a surprise to her. She said this was due to him never having spoken to her about being upset at anyone, nor did he speak of anything that would have been considered anti-social. LaPLANTE added that she also knew [REDACTED] on a casual basis as he worked with HARRIS at Blackjack Pizza. She knew Dylan KLEBOLD by association only as he occasionally bowled with them at Rock-N-Bowl during midnight bowling.

LaPLANTE said she had initially recalled having said hello to Eric HARRIS at their early morning bowling class April 20th, 1999. In further reflection she thought it may have been Chris MORRIS, or even possibly Nate DYMELMAN. She could not specifically recall whom it had been as the three were frequently together, and at that point the morning was unmemorable.

At the time the shooting began LaPLANTE said she was returning to school from an off-campus lunch. She explained that she was riding with Cindy SHINNICK on Pierce at Polk Street when they came up behind several vehicles waiting in line to go into the school parking lot. They then heard of the shooting on the radio, and several police cars arrived in the parking lot. She said SHINNICK turned her car around and as they were driving from the area they saw students run out of the school. Otherwise, she said they had not seen anything that appeared unusual at the school that day, nor when they returned.

LaPLANTE again reiterated that this act came as a complete surprise to her, and that she had no prior inclination of this occurring.

I asked her if she was in the cafeteria at all, and she stated she was not. The lead was Brandon has information reference Robert Perry involved in the shooting. Told the source saw Robert Perry in the school with a gun.

On 05-10-99 Brandon was met at his residence 6506 So. Yarrow Way. He was interviewed about the information he provided to Deputy Warren. The only information he disclosed was about what he was hearing from other students. He was told by Luke Miline was told by Bijen Monte she saw in the cafeteria shooting and she is afraid to go to school as knows she saw him there shooting.

Brandon was asked about his whereabouts during the incident. He has 4th hour off, he took some friends to the Subway for lunch. He was with Chieko (Holly) Purdue, Aaron Lawson. He had only met Holly a day or so before. They all had left early for lunch, then returned to look at some pictures. When they got close noticed the problems, picked up one other friend by the name of Pat. They then drove over to Leawood Elementary school to warn them of the problem and not let the kids there out.

All of Brandon’s friends have been talking about how there are more than the two shooters int eh school. This is based upon how they were seen in various areas of the school. They have taken various diagrams from the newspaper and tried to show in relation to the information they have as to where the shooters were. It is all not logical for two shooters to be in the locations they were.
