DATE: April 20, 1999

SUBJECT: Columbine High School

Officer W. Gallegos and I responded to District Three after hearing of shots being fired at Columbine High School. While at District Three, we learned of the situation and after hearing a request for additional Denver officers to respond to the scene, Lt. D. Maddock assigned us to respond to the school.

Once we arrived we were assigned to the outer perimeter for crowd control.

Around 2:00pm we were assigned to assist Officer W Depew in a neighborhood search in the area of Weaver Drive and Kendall Street for possible suspects. The search was unsuccessful and we returned to the Command Post. We were then assigned to assist in the evacuation of students from the east side of the school. A Jefferson County officer was assigned with us to identify the students as they were leaving the school. The students were identified and searched, then led to a hole in a privacy fence then taken to awaiting buses and removed from the scene.

We remained on the scene until about 5:55 p.m. We then returned to District Three.

Respectfully submitted,

Sergeant Pete Diaz 67022

We were assigned to a perimeter circuit section at the east end of the school. We remained there until we were ordered to the area of the Daiquiri Bar to assist with student interviews. The students in the building did not witness the shootings. They all heard the shooting, etc. But did not see any actual shooting. SUMMARY OF STATEMENT

On 4-20-99-Tuesday, at approximately 1430 hours, I received a call to respond to Columbine High School-6201 S. Pierce St. on a shooting/Homicide with multiple victims. My role was to coordinate the Denver Police Homicide Unit-Team 70 and assist Jefferson County with the crime scene. We stood by in Clement Park for directions. At 2300hrs I was dismissed and asked to return the following day-4-21-99-Wednesday.

On 4-21-99 Sgt. Fetrow along with a Homicide Team responded to Columbine High School again at 0600hrs. Our responsibility was to stand by and wait for assignments. At approximately 1400hrs we were escorted into the crime scene to appraise the situation. At approximately 1500hrs we received our assignments and entered the crime scene. Our job was to process the office area in the main hallway. Inside the office were multiple shell casings, live rounds, magazines (clips), broken glass, broken furniture, bullet holes and other collateral damage. We processed the scene with the crime scene detectives. My job was to oversee the coordination of the crime scene. We secured from the scene at 2200hrs.

On 4-21-99 at 2300hrs Sgt. Fetrow was contacted by Capt. Leary to assign Homicide Detectives to assist at the following morgues for autopsies: Denver Health Medical Center, Boulder County, Jefferson County, and Arapahoe County. The autopsies would be conducted the following day at 0800hrs on 4-22-99.

On 4-22-99 at 0800hrs Sgt. Fetrow responded to the scene to assist in processing the crime again. Sgt. Fetrow was contacted by the detectives standing by for the autopsies and he was informed by
Jefferson County Sheriff’s Department that they also needed our crime lab to process the autopsies. The crime lab teams were assigned by Sgt. Reed and they left the school for the morgues. Due to a lack of crime scene personnel, the Homicide detectives withdrew from the scene and responded to Denver Police Headquarters.

I have read the foregoing statement and the facts contained therein are true to the best of my knowledge and belief. I do not maintain that it contains all of the facts or details of the incident, but only those facts about which I have been asked.

Shortly after noon on April 20, 1999, I received a call over the police radio from Det. J Ruetz. Det. Ruetz stated he had received information from Lt. D Cribari and Sgt. E Martinez there was a hostage situation at the Columbine High School, at South Pierce and West Bowles, and to report to the Command Post that had been set up. The purpose was to provide whatever technical support might be needed.

While enroute to the Command Post (CP) I was again called on the radio by Det. J Ruetz and was told there was quite a traffic jam of emergency vehicles, and to park my car at Pierce and Bowles and walk the rest of the way to the CP.

Upon my arrival at the CP I checked with my partner Det. J Ruetz and was briefed by him. A short time latter I was contacted by a Littleton Police officer and was asked if I could assist in running four (4) "landline" phone lines into the Arapahoe County SO mobile command post. While Det. J Ruetz and another Denver PD Tech Detective K Rich located available "pairs" working numbers in the cross box I made the connections to the Arapahoe County SO (ACSO) mobile command post and verified the phones worked inside the van.

While making the connections to the ACSO mobile command post I was contacted by Det. D Metzler of the Denver PD and asked if we (Myself, Det. J Ruetz and Det. K Rich) could also connect four (4) "landline" phones lines to the Denver Police Department mobile command post. This was accomplished.

When the lines were no longer needed the landlines were disconnected and the customers whose lines were used were returned to their original condition and the customers notified what had been done.

While this was being done a US West technician arrived at the scene and assisted detectives in the installation and removal of the lines.

I have read the foregoing statement and the facts contained therein are true to the best of my knowledge and belief. I do not maintain that it contains all of the facts or details of the incident, but only those facts about which I have been asked.

On this date, while working 921B, I responded to assist with a mass shooting at Columbine High School. I assisted on the S/E perimeter until Command Chair said he wanted everyone to respond to Pierce and Clay to be assigned to specific places. I responded there. I was assigned to a team with Off. Doheny and several other officers and a Swat. We went to the area of Kendall and Weaver to clear a bridge where there may have been suspects in connection with Columbine High School. After it was cleared, we were returning to our cars. I heard one shotgun blast. I did not see it, or who did it. There were several officers with shotguns. We then cleared another bridge. Then we went back to the command post. Capt. Sandoval sent me to Lenwood Elementary to assist with unloading the students. I assisted with that, and then returned to Dist. 4 and completed this statement.

I have read the foregoing statement and the facts contained therein are true to the best of my knowledge and belief. I do not maintain that it contains all of the facts or details of the incident, but only those facts about which I have been asked.

At about 1445 hours, the crew of ambulance #13 was told to go to the entry way of the high school, which was closest to the street intersection of Pierce and Fair, and to get ready to go in to get wounded parties. The Swat units would take the crew in. Later it was related that the Swat Units would be bringing wounded to the crew at that location. As the crew and Detective Hess stood by, there were numerous times when they were told to get ready to go in, however it was always stopped due to possible danger to the paramedics. The building had apparently not been cleared. Some of the victims were being taken out of other doors of the school. Several different groups of students were found and were being taken out of the entry way where ambulance #13 was located. The Swat Units took control of those students. All of the students and teachers were told to put their hands on their heads, until they could be checked. Word had been received that the suspects had changed clothes with some of the students, in an attempt to get away. Approximately 150 parties came out of the school at that location.

JC-001-009389
It was determined that there were no more wounded victims inside of the school, and that all of the parties that were left, were dead. Apparently two of the dead were suspects and they had possibly killed themselves.

It was determined that the ambulance crew would not be needed any longer, at which time Detective Hess returned to the Command Post. Detective Hess was advised that he could leave, and return to District #4.

Summary of Statement:

I responded to the command post at 5:15 AM 3/30/99 from District 2 Station. I arrived at approximately 1400 hours. Upon my arrival, I checked in at the command post where I remained for most of the time I was there.

At one point, I was approached by a parent who was talking with his daughter via a cell phone. The daughter was with 12 other students and two faculty members who were taped in the science lab. I took the parent to the headquarters and ensured the information was put on the air for Metro SWAT.

I briefly assisted Sgt. Stantos at the truage area where detectives were debriefing students. I then went to Laewood Elementary to assist with conducting statements being taken.

I remained there until released.

I have read the foregoing statement and the facts contained therein are true to the best of my knowledge and belief. I do not maintain that it contains all of the facts or details of the incident, but only those facts about which I have been asked.

CORRESPONDENCE

TO: Cap. Rudy Sandoval
FROM: Sgt. C. D. Jones 70068
DATE: 04/20/99
SUBJECT: Columbine High School Homicide

In regards to the above captioned incident I wish to relate the following:

I heard he Radio transmissions of Officers taking fire at Columbine High School. I volunteered to cover and arrived at the school and reported to the Command Post. I appointed Det. Jerry Arellano my scribe and started assembling all plain clothes Officers from Denver at Pierce and Leawood. Once the Detectives responded I assigned them at the direction of Denver Police Command Staff to debrief students as they were brought from the school. I took command of the non-uniform personnel and directed them to various locations around the scene. Det. Arellano kept a list of all Detectives and their assignments. Upon completion of their assignments the Detectives were dismissed with instructions to complete a statement and submit it with any and all other statements, and other related paperwork to me for routing to Capt. Sandoval.

I then received several District 4 radios and batteries to take back to District 4.

Respectfully

Sgt. C. Douglas Jones 70068
