Sheriff Anderson:

This letter will serve to outline the scope of the investigation that you have agreed to conduct at the request of the Jefferson County Sheriff's Office relating to the shootings at Columbine High School that occurred on April 20, 1999.

The investigation should focus on allegations regarding specific statements relating to the events surrounding the death of Daniel Rohrbough including:

- Statements alleged to have been made by Deputy Annette Walker (Smoker) of the Jefferson County Sheriff's Office.
- Statements alleged to have been made by Deputy James Taylor of the Arapahoe County Sheriff's Office.
- Statements attributed to Sergeant Daniel O'Shea of the Denver Police Department.
- Any witnesses that may have overheard any statements made by, or related to, the aforementioned individuals.

Rest assured, the Jefferson County Sheriff's Office will cooperate fully with you and your staff and provide any documents, diagrams, photographs, videotapes or other materials necessary and available related to these allegations. Sergeant Randy West (303-271-5613) and Investigator Kate Buttan (303-271-5619) will be available to assist you in any way and may be contacted immediately to set up any arrangements you deem necessary.

I appreciate the cooperation and effort that you and the El Paso County Sheriff's Office will provide in determining the validity of these allegations and look forward to the results of the investigation. Please contact me if you should have any questions.

Sincerely,

John P. Stone
Sheriff

Re: Columbine Review

Gentlemen:

Over the last two and one-half years, intense local, state, national and international attention has been paid to the killings at Columbine. The legacy of Columbine should be that the country and the state have learned how to respond to issues relating to school safety and youth violence and are attempting to do everything within their power to prevent these types of incidents from happening again.

With respect to the killings at Columbine, we should get to a point where the case can, in fact, be closed.

Over the last several weeks, there has been much attention paid to additional investigation of the occurrences related to the April 20, 1999 killings and injuries at Columbine High School. I believe there is confusion about the future direction that this review should take, and that duplicative efforts might be launched that would end up in a significant waste of valuable law enforcement resources.

Therefore, I make the following observations and recommendations to you and members of the General Assembly who are looking at this issue:

First, the criminal investigation and prosecution relating to the actual shootings by Eric Harris and Dylan Klebold have been concluded. There is no further criminal investigation or prosecution expected to arise from the actions taken by Harris and Klebold in this matter.

Page 2

Second, all the information related to April 20, 1999 and the subsequent investigation should be made public for everyone to review. There is no viable public interest to withhold any information related to the events. The criminal investigation and prosecutions of the two killers and their accomplices are over. There should be no withholding of information or any impression that any information is being withheld, and this includes information from autopsy reports as well as other internal investigations that have been conducted with respect to the response and investigation that occurred related to the Columbine killings. The confidence of the victims' families and the public needs to be restored. They need to know that they have all the facts relating to what happened on April 20, 1999.

Third, the issue that has been at the focal point of the frenzy over the last several weeks has been the question as to whether or not Daniel Rohrbach was killed by "friendly fire" or by shots fired by Eric Harris and Dylan Klebold. That narrow question is an important question and is currently under investigation. Sheriff John Anderson from El Paso County has deployed investigators from his office to undertake this investigation. All of those involved should provide Sheriff Anderson and his investigators the opportunity to use their expertise and resources to complete their investigation.

Fourth, after Sheriff Anderson completes his investigation, it is at that point that a Coroner's inquest could be considered. The Coroner would, among other things, review the report provided by Sheriff Anderson. With this information, the Coroner could decide whether an inquest would be useful. If necessary, the Coroner's inquest could include hearings and subpoena witnesses so that all of the information related to the question before the Coroner can be made public. If there are other issues that the Coroner's inquest might also delve into, then the scope of the Coroner's inquest could be broadened. But at this point, the narrow question relates to whether or not Daniel Rohrbach was killed by friendly fire or by Eric Harris and Dylan Klebold.

And fifth, after Sheriff Anderson's investigation and the Coroner's actions are completed, if it is determined that there is a need for further legal action relating to potential criminal activity on the part of any of those involved with the investigation, then at that point, it would be appropriate to consider taking the matter before the Jefferson County or Statewide Grand Jury with the concurrence of the District Attorney.

Please do not hesitate to contact me if my office can help on this matter. In conclusion, a systematic, coherent approach is needed to bring closure to this matter and to ensure public confidence in law enforcement.

Sincerely,

KEN SALAZAR

Dear Chief Whitman,

As you are aware, the El Paso County Sheriff's Office has been requested by Jefferson County Sheriff John Stone to conduct an independent investigation into the Columbine High School shooting death of Daniel Rohrbough. We would like the opportunity to interview Sergeant Daniel O'Shea and Officer Greg Romero. Lieutenant Frank Frazier and Detective Jeff Nohr will be the investigators assigned to conduct the interviews.

Your cooperation is greatly appreciated. If you have any questions please feel free to contact me at (719) 520-7125.

John Anderson,

We have studied the Columbine incident for a long time. Since you are reviewing this case, we look forward to presenting you with information that we have that may be helpful.

I have enclosed a copy of an unreleased FBI map from Columbine. This is one of more than a dozen unreleased maps. I would hope that you would compare it to the FBI maps that you have been provided. (The FBI CD ROM JPEG file)

We are providing you with an opportunity to review some of the information about Columbine, in order to let you fairly assess the incident.

Please be aware that I will be giving my report or finding that you release a very careful examination. Not all of the public is uninformed.

Thank you.

Jeff:

As the result of a formal request, I have now received 2 hours of dispatch tapes from DPD surrounding Columbine. I also received copies of the CLEAR communications between dispatchers. The tapes start at approximately 11:33 am and document the arrival of all Denver officers, including O'Shea. I have listened to the tapes with Dan and find his narration to be very useful.

Certainly if you do not have copies, I am happy to make them available to you. I am also happy to have you sit down with Dan so he can narrate. By doing so his statement to you can further be verified.

I am still trying to get copies of the "Metro C" channel from Denver. It appears, however, that this channel is preserved separately from the general dispatch channels and may not be recoverable. Recall that much of Dan's communications were on this channel. Nonetheless, the general dispatch tapes are helpful in that they document Behn Trans call for help on the West side, Dan's response, and the time frame involved.

Let me know if any of the above is or would be helpful.

**STATEMENT BY UNITED STATES ATTORNEY
JOHN W. SUTHERS REGARDING COLUMBINE GRAND JURY REQUEST**

On January 8, 2002, an attorney representing the families of five students who were killed at Columbine High School on April 20, 1999, made a written request for the United States Attorney for the District of Colorado to initiate a federal grand jury investigation of "whether possible federal criminal violations occurred at Columbine High School . . . and whether there has been a conspiracy to obstruct justice by covering those violations up in the years since that time." In their request, the families suggested that the Constitutional violations they asserted in a civil case they filed in federal court "could also serve as potential criminal violations." Attorneys for three surviving students also wrote a letter to the U.S. Attorney requesting a federal grand jury investigation.

In response to the families' request, the U.S. Attorney's Office has conducted a review of numerous documents generated subsequent to the tragedy at Columbine. They include, but are not limited to, law enforcement reports, all civil pleadings thus far filed in the federal civil case of Rohrbough et. al. v. Stone et. al. (which pleadings contain the allegations the families have asked us to consider) and the report of the Erickson Columbine Review Commission. Further, the U.S. Attorney has received an extensive briefing regarding the case by the Federal Bureau of Investigation (FBI). Contrary to the impression of some, federal agencies, including the FBI and ATF, have been involved in the Columbine investigation from the beginning. Finally, the U.S. Attorney's Office has reviewed all criminal statutes which appear relevant to the allegations of the families, including 18 U.S.C. § 241, which was specifically cited by them in their request.

It is important to note that in the policies and procedures of the Justice Department applicable to U.S. Attorneys, the only legitimate use of a federal grand jury is to determine whether there is probable cause to believe a federal crime has been committed. It is not appropriate to use such a body to investigate a matter simply to get to the bottom of it, absent a reasonable possibility that a federal crime has been committed. Further, the modern federal grand jury has no power to return indictments on its own. Under the Federal Rules of Criminal Procedure, the U.S. Attorney's concurrence is a prerequisite to a valid indictment. It follows therefore, that the U.S. Attorney should only present matters to the federal grand jury when he has a reasonable belief that federal criminal charges could result.

The families allege in their federal civil suit that Daniel Rohrbough was killed by a police officer. The families, through their attorney, suggest that this allegation represents a deprivation of civil rights that would be the basis of a federal criminal case. Under 18 U.S.C. § 242, a law enforcement officer can be criminally liable for a deprivation of life or liberty only if it involves a "willful" act.

-continued-

COLUMBINE STATEMENT**Page 2**

Based on a review of the matter, the U.S. Attorney's Office believes that the most credible evidence available, including compelling statements from several students who witnessed the events, indicates that Daniel Rohrbough was killed by Eric Harris and Dylan Klebold.

Further, the U.S. Attorney's Office believes that any additional inquiries that may occur in this matter would cause reasonable people to conclude that Arapahoe County Sheriff's Deputy James Taylor lied to the family of Daniel Rohrbough when he told them he witnessed their son's death and that the affidavit of Celene Marquez, the former Jefferson County School Administrator, did not accurately reflect statements made by Denver Police Sergeant Daniel O'Shea. But even if we were to accept the Rohrbough family's assertion that he was killed by police, there is not a scintilla of evidence to suggest that any such action was willful or intentional, which is the standard for a federal criminal prosecution.

By citing 18 U.S.C. § 241, the families also suggest that two or more persons criminally conspired to deprive them of Constitutional rights, presumably due process. In their civil pleadings and elsewhere the families have enumerated what they label as law enforcement "lies" about the events of April 20, 1999, and about events occurring both before and after that date. The allegations have been carefully scrutinized and, in the opinion of the U.S. Attorney's Office, they do not offer credible evidence of a criminal conspiracy between two or more persons to subvert due process.

Detailing a series of communication gaffes by the Jefferson County Sheriff's Department or even pointing out that certain statements of department officials turned out not to be factual, may be evidence of ineptitude, but it does not constitute evidence of a criminal conspiracy to deprive anyone of their Constitutional rights.

Under the circumstances set forth above, the United States Attorney cannot, in good conscience, conclude at this time that there is a reasonable possibility that a federal crime has been committed which would be the proper subject of a federal grand jury investigation. As mentioned previously, a federal grand jury is not a proper forum for a fact finding investigation, separate and apart from a criminal probable cause determination. The federal grand jury is particularly unsuited for reaching the end result that the families and others seem to desire, namely a public airing of these issues. The grand jury meets in secret. The identity of witnesses and contents of their testimony are protected by law, and grand jury members are sworn to secrecy. Further, a federal grand jury does not generally have the power to issue a report.

The events which occurred at Columbine High School on April 20, 1999, were incredibly tragic. It is understandable that the families of the victims of this tragedy continue to seek resolution of issues that they view as unresolved in terms of how and why it happened. They have the right to ask a Court to determine if they have any civil law remedies for what has occurred, and they have done so. But at this point in time, no one has shown any credible evidence to the U.S. Attorney's Office that could serve as a basis to believe that anyone, other than Dylan Klebold and Eric Harris, and those who unlawfully procured weapons for them, are criminally culpable for the tragedy that occurred.

RE: Columbine High School Investigation

Dear Mr. Jordan

I would like to take this opportunity to introduce myself. My name is Gabe Firpo, a detective with the El Paso County Sheriff's Office. In January of 2002, the El Paso County Sheriff's Office was requested to conduct an independent investigation into the death of Daniel Rohrbough, a student attending Columbine High School in April of 1999. As a result of this investigation, you have been identified as someone who may have pertinent information that could assist in the investigation. Therefore, I would like to speak with you.

I understand that the shooting at Columbine High School on April 20, 1999, was a very traumatic and tragic event for everyone involved. However, it is imperative that I make every effort possible to resolve the issues and questions surrounding Daniel Rohrbough's death. In an effort to minimize the impact on you personally, my questions will be narrowly focused on the events leading up to and surrounding Daniel Rohrbough's death. I will make every effort possible to accommodate your schedule and would be willing to speak with you in person or by telephone. RE: Columbine High School Investigation

Dear Mr. Romero

I would like to take this opportunity to introduce myself. My name is Gabe Firpo, a detective with the El Paso County Sheriff's Office. In January of 2002, the El Paso County Sheriff's Office was requested to conduct an independent investigation into the death of Daniel Rohrbough, a student attending Columbine High School in April of 1999. As a result of this investigation, you have been identified as someone who may have pertinent information that could assist in the investigation. Therefore, I would like to speak with you.

I understand that the shooting at Columbine High School on April 20, 1999, was a very traumatic and tragic event for everyone involved. However, it is imperative that I make every effort possible to resolve the issues and questions surrounding Daniel Rohrbough's death. In an effort to minimize the impact on you personally, my questions will be narrowly focused on the events leading up to and surrounding Daniel Rohrbough's death. I will make every effort possible to accommodate your schedule and would be willing to speak with you in person or by telephone. If you decide to speak with me, I may be reached at any of the following numbers:

- 719-520-7181 (office/voice mail)
- 719-651-8832 (cellular phone)

Dear Ms. Porter,

I would like to take this opportunity to introduce myself. My name is Gabe Firpo, a detective with the El Paso County Sheriff's Office. In January of 2002, the El Paso County Sheriff's Office was requested to conduct an independent investigation into the death of Daniel Rohrbough, a student attending Columbine High School in April of 1999. As a result of this investigation, you have been identified as someone who may have pertinent information that could assist in the investigation. Therefore, I would like to speak with you.

I understand that the shooting at Columbine High School on April 20, 1999, was a very traumatic and tragic event for everyone involved. However, it is imperative that I make every effort possible to resolve the issues and questions surrounding Daniel Rohrbough's death. In an effort to minimize the impact on you personally, my questions will be narrowly focused on the events leading up to and surrounding Daniel Rohrbough's death. I will make every effort possible to accommodate your schedule and would be willing to speak with you in person or by telephone. If you decide to speak with me, I may be reached at any of the following numbers:

- 719-520-7181 (office/voice mail)
- 719-651-8832 (cellular phone)
- 719-442-9371 (pager)

If for any reason you do not want to speak with me, I can sympathize with and will respect your decision. I would only ask that you please notify me of your decision. I will not attempt to contact you again once I have been notified of your desire not to speak with me.

Sincerely,

Gabe Firpo

The following is what I could get from the 1/2 hour phone call. This gentleman wants to help Dan O'Shea. He has 10 years of research that he wants to share with you.

I got mostly names and some affiliations. You may recognize the rest. His story is about politics and religion.

Barry Arrington — He helped for some Christian Group (Focus on the Family or Rocky Mtn. Family Council.) He is an Evangelical Christian. He is also the main one trying to hurt O'Shea according to Pramenko.

Mike Haggerty — U.S. Assistant District Attorney. He is an Evangelical Christian working with Arrington.

Don Lee — President of the Bible Study Group at Columbine High School

Jim Congrove or Cosgrove — He is running for Sheriff

The Bandimers(sp?) the owners of the Speed Way.

Tom McMillan — Colorado Bar Association. Was or is Associated with Arnold and Porter. (I'm not sure if McMillan or Pramenko was a State Coordinator and helped with the Bill of Rights — this piece of info was attached to McMillans name, I think it was Pramenko, and that's how he found out about McMillan.)

James Dobbs

Dan Isbell (sp?)

Jane Atkins

Newt Gingrich (sp?)

Chuck Green with the Post — He is the one responsible for keeping the story going in the papers.

Sandra De O'Conner (sp?) — She was Evangelizing High Schools

Marci Hamilton — has a web site that you should look at, www.marciamilton.com.

Kenneth Smith — was barred from practicing Law because of Arrington.

If I heard correctly everyone on this list has something to do with Arrington. Arrington is working with the Rohrough's in implicating O'Shea. He mentioned Anti-Christian in his speech. He has 122 files in his research.

He is on O'Shea's side and wants to help him.

Sorry not much of this makes sense and that I cannot tie it all together. He was speaking a mile a minute

and I tried to get all the names and where they were from and what they did.

Sheriff John Wesley Anderson
El Paso County Sheriff's Office
105 East Vermijo Suite 300
Colorado Springs, CO 80903

Dear Sheriff Anderson:

On April 20, 1999, officers of the Denver Police Department became involved in and assisted with the investigative documentation connected to the multiple shooting homicide at Columbine High School in Jefferson County, Colorado. This documentation consisted of scene clearing, searching and security, crime scene processing of specified areas with drawings of these areas being prepared, documentation of victim post examinations and autopsies, interviews of witnesses and construction of a computer database of witness information. The data compiled by the Denver Police Department was tracked and maintained in the Homicide Unit of the Crimes Against Persons Bureau. This information included copies of all taped radio transmissions, crime scene documentation material and photographs, witness statements and coroner records.

At the conclusion of this investigation and at the direction of the Denver City Attorney, all material associated with this case was provided, in original form, including copies of all audio taped radio transmissions, to the Jefferson County Sheriff's Department. The Denver Police Department currently does not maintain all material, documents or investigative data connected to the Columbine High School homicide investigation.

Should you have questions regarding this investigation, please do not hesitate to contact Captain Timothy W. Leary or Lieutenant Jon W. Priest of the Crimes Against Persons Bureau at (720) 913-6050.

Sincerely,

RE: Columbine High School Investigation

Dear Mr. Leavitt,

I would like to take this opportunity to introduce myself. My name is Robert Jaworski, a detective with the El Paso County Sheriff's Office. In January of 2002, the El Paso County Sheriff's Office was requested to conduct an independent investigation into the death of Daniel Rohrbough, a student attending Columbine High School in April of 1999. As a result of this investigation, you have been identified as someone who may have pertinent information that could assist in the investigation. Therefore, I would like to speak with you.

I understand that the shooting at Columbine High School on April 20, 1999, was a very traumatic and tragic event for everyone involved. However, it is imperative that I make every effort possible to resolve the issues and questions surrounding Daniel Rohrbough's death. In an effort to minimize the impact on you personally, my questions will be narrowly focused on the events leading up to and surrounding Daniel Rohrbough's death. I will make every effort possible to accommodate your schedule and would be willing to speak with you in person or by telephone. If you decide to speak with me, I may be reached at any of the following numbers:

- 719-520-7190 (office/voice mail)
- 719-651-8540 (cellular phone)
- 719-279-5125 (pager)

If for any reason you do not want to speak with me, I can sympathize with and will respect your decision. I would only ask that you please notify me of your decision. I will not attempt to contact you again once I have been notified of your desire not to speak with me.

Sincerely,

Robert Jaworski

RE: Columbine High School Investigation

Dear Ms. Sander,

I would like to take this opportunity to introduce myself. My name is Robert Jaworski, a detective with the El Paso County Sheriff's Office. In January of 2002, the El Paso County Sheriff's Office was requested to conduct an independent investigation into the death of Daniel Rohrbough, a student attending Columbine High School in April of 1999. As a result of this investigation, you have been identified as someone who may have pertinent information that could assist in the investigation. Therefore, I would like to speak with you.

I understand that the shooting at Columbine High School on April 20, 1999, was a very traumatic and tragic event for everyone involved. However, it is imperative that I make every effort possible to resolve the issues and questions surrounding Daniel Rohrbough's death. In an effort to minimize the impact on you personally, my questions will be narrowly focused on the events leading up to and surrounding Daniel Rohrbough's death. I will make every effort possible to accommodate your schedule and would be willing to speak with you in person or by telephone. If you decide to speak with me, I may be reached at any of the following numbers:

- 719-520-7190 (office/voice mail)
- 719-651-8540 (cellular phone)
- 719-279-5125 (pager)

If for any reason you do not want to speak with me, I can sympathize with and will respect your decision. I would only ask that you please notify me of your decision. I will not attempt to contact you again once I have been notified of your desire not to speak with me.

Sincerely,

Subject: El Paso County Map Request

Mr. Hafez Albuthi,

As we discussed on Tuesday, February 12th, the El Paso County Sheriff's office needs a GIS map to support the efforts of an ongoing project by Investigator Jeff Nohr. Mr. Nohr will be conducting interviews in Jefferson County tomorrow, February 14th, and would like to pick up the map we discussed in the afternoon. Here are the map specifications:

Size: 24" X 36"

Extent: An area bounded by Wadsworth on the west, Bowles on the north, Pierce on the east and Coal Mine on the south

Content: Aerial Photography; Parcels; Planimetrics including building footprints, edge of pavement, sidewalks, parking lots, etc.; Columbine High School building footprints; street names

Please let me know if I can answer any questions or provide assistance.

Thank You,

Jeff Eckhart

3 WHEREAS, The General Assembly also has the authority to
4 prescribe the conditions under which witnesses may testify to respect the
5 feelings of the victims of these incidents; now, therefore,

6 *Be It Resolved by the House of Representatives of the Sixty-third*
7 *General Assembly of the State of Colorado, the Senate concurring*
8 *herein:*

9 (1) That there is hereby created a legislative committee,
10 hereinafter referred to as the "committee", to investigate and act as a
11 fact-finder concerning the attack that occurred at Columbine High School
12 on April 20, 1999, and the events surrounding that attack, and to
13 recommend any legislative changes found necessary as a result of its
14 investigation. The committee shall meet during the 2002 regular session
15 of the Sixty-third General Assembly and in the interim after such session.

16 (2) (a) That the committee shall consist of six members as
17 follows:

18 (I) Three members of the House of Representatives appointed by
19 the Speaker of the House of Representatives; and

20 (II) Three members of the Senate, two of whom shall be appointed
21 by the President of the Senate and one of whom shall be appointed by the
22 Minority Leader of the Senate.

23 (b) No more than three members of the committee shall be from
24 the same political party.

25 (3) That the committee shall have, at a minimum, the following
26 duties:

27 (a) To select legal counsel to conduct an investigation into the
28 attack occurring at Columbine High School on April 20, 1999, and the
29 events leading up to that attack, and to direct the investigation by such
30 legal counsel;

31 (b) With the assistance of the legal counsel selected, to collect
32 documents and testimony concerning the events surrounding the attack at
33 Columbine High School on April 20, 1999;

34 (c) To authorize the issuance of subpoenas or subpoenas duces
35 tecum pursuant to subsection (6) of this Resolution; and

36 (d) To issue a report of its findings, which may include
37 recommended legislation, to the General Assembly and the public on or
38 before December 1, 2002.

39 (4) That, pursuant to section 2-3-1001, Colorado Revised Statutes,
40 the Committee on Legal Services is directed to retain and pay the
41 compensation of the legal counsel selected pursuant to subsection (3) (a)

1 of this Resolution from moneys allocated to the Committee on Legal
2 Services for legal fees from appropriations made by the General
3 Assembly.

4 (5) That, pursuant to section 2-2-313, Colorado Revised Statutes,
5 all testimony of witnesses shall be taken as depositions by legal counsel
6 retained on behalf of the committee pursuant to subsection (4) of this
7 Resolution. Written transcripts of all such depositions shall be prepared
8 and shall be made available to the public once the final report of the
9 committee is submitted.

10 (6) That, pursuant to Rule 33 of the Joint Rules of the Senate and
11 the House of Representatives, the General Assembly hereby vests in the
12 committee the power to subpoena witnesses, to take testimony under
13 oath, and to assemble records, documents, and other evidence by
14 subpoena duces tecum. The issuance of any subpoena shall be approved
15 by a majority of the members of the committee. No person who was a
16 student enrolled at Columbine High School on April 20, 1999, shall be
17 compelled to testify.

18 (7) That the members of the committee shall be compensated as
19 provided in section 2-2-307, Colorado Revised Statutes, for attendance
20 at meetings of the committee.

21 (8) That the Legislative Council staff and the Office of Legislative
22 Legal Services staff shall be available to assist the committee in carrying
23 out its duties.

24 (9) That all expenditures, except for the compensation and
25 expenses of the legal counsel retained pursuant to subsection (4) of this
26 Resolution, incurred while conducting this study shall be approved by the
27 chair of the Legislative Council and paid by vouchers and warrants drawn
28 as provided by law from moneys allocated to the Legislative Council for
29 legislative studies from appropriations made by the General Assembly.

30 (10) That the committee shall make a report to the General
31 Assembly no later than December 1, 2002.

32 (11) That the committee shall not be considered an interim
33 committee pursuant to Rule 24A of the Joint Rules of the Senate and
34 House of Representatives; however, any bill recommended by the
35 committee shall be exempt from the five-bill limit established in Rule 24
36 (b) (1) (A) of the Joint Rules of the Senate and House of Representatives.

RE: Columbine High School Investigation

Dear Mr. Friesen,

I would like to take this opportunity to introduce myself. My name is Robert Jaworski, a detective with the El Paso County Sheriff's Office. In January of 2002, the El Paso County Sheriff's Office was requested to conduct an independent investigation into the death of Daniel Rohrbough, a student attending Columbine High School in April of 1999. As a result of this investigation, you have been identified as someone who may have pertinent information that could assist in the investigation. Therefore, I would like to speak with you.

I understand that the shooting at Columbine High School on April 20, 1999, was a very traumatic and tragic event for everyone involved. However, it is imperative that I make every effort possible to resolve the issues and questions surrounding Daniel Rohrbough's death. In an effort to minimize the impact on you personally, my questions will be narrowly focused on the events leading up to and surrounding Daniel Rohrbough's death. I will make every effort possible to accommodate your schedule and would be willing to speak with you in person or by telephone. If you decide to speak with me, I may be reached at any of the following numbers:

- 719-520-7190 (office/voice mail)
- 719-351-7736 (cellular phone)
- 719-279-5125 (pager)

If for any reason you do not want to speak with me, I can sympathize with and will respect your decision. I would only ask that you please notify me of your decision. I will not attempt to contact you again once I have been notified of your desire not to speak with me.

Sincerely,

RE: Columbine Dispatch Tape

Dear Chief Ireland:

I would like to take this opportunity to thank you for your assistance in this investigation. As per our two earlier conversations dated February 26, 2001, and March 1, 2002, I am formerly requesting a copy of the dispatch tape for the Columbine High School incident. The incident is dated April 20, 1999. The tape will assist the independent investigation of the school shooting.

The technical requirement of the tape is audio and a time stamp. The time stamp may be verbal, with the dispatcher providing a time or a visual time stamp on the tape itself. The time and date for the tape requested is April 20, 1999 from 11:20 A.M., to 12:24 P.M. The tape will be returned to your custody as soon as our technical staff can duplicate it. If this request cannot be accomplished, our staff can respond to your dispatch center, and duplicate the tape. The tape is essential in developing an accurate timeline for the incident.

An additional question, which has been brought up during this investigation, is time synchronization. What method of synchronization does the Littleton Fire Department Dispatch use? We have noted a four-minute adjustment required with other government dispatch tapes.

I will make myself available if any questions arise pertaining to this request. I may be reached at my office, (719) 520-7181, or by pager, (719) 442-9371.

Lt. Frank W. Frazier, Jr.
Det. Sgt. Bill Haragan
El Paso County Sheriff's Department
105 East Vermijo, Suite 300
Colorado Springs, CO. 80903

Gentlemen,

Thank-you for meeting with me last Monday, March 11. I'm writing this letter to you to be sure you understand what information I have pertaining to my son's death. I was stunned and shocked that you did not want to look at evidence unless you were given that evidence from Jefferson County. However, since you then decided to look at the photographic evidence I provided, I'm assuming that your investigation will not ignore it. In order for you to determine exactly what happened to Dan, you must examine all evidence available.

According to Jefferson County's public statement, you are doing this investigation on my behalf. To that end, the answers to the following questions should be addressed in your report. If they cannot be then I would expect your report to say that you cannot answer these questions. First I will give you a summary of what the evidence shows happened to Dan followed by specific questions about what Jefferson County has reported.

1. Dan was running away from the school towards the parking lot when he was shot and killed. The autopsy confirms the fatal bullet was fired from the front with an upward trajectory, killing him instantly. We have established that Dan was running at the time he was killed. This is confirmed by photographic evidence, physical evidence (autopsy and clothes), and eye-witness accounts.
2. Jefferson County lead investigators Kate Battan and Randy West confirmed that Dan had been moved to another position before their (Jefferson County) crime scene photos were taken.
3. There is not even one eye-witness that places either Klebold or Harris in front of Dan when he was shot. There is no ballistics evidence at all that Klebold or Harris fired their 9mm weapons from in front of Dan or standing directly over Dan (as the sheriff report claims). In fact, there are no shell casings from either Klebold or Harris anywhere in Dan's vicinity and an abundance of police shell casings, especially O'Shea's. Also there are no powder burns or any suggestion whatsoever in the physical evidence that Dan was shot at "very" close range.
4. If Dan had been shot by Klebold or Harris from the top of the hill he would have had to have been falling backwards at an extreme angle to have matched the trajectory of the bullet that killed him. And that bullet would have hit the sidewalk directly below where he

fell. Evidence of that bullet would have been clear. Both the bullet or fragments and damage to the pavement would have been located. However, the FBI, CBI, and Jefferson County all confirm no such evidence has ever existed. When you study the photograph I've provided you, you will find the position Dan is in matches what the coroner found. And injuries sustained in that fall are confirmed in the autopsy supporting the fact that he was running away from the school at the time he was shot.

5. In all likelihood, the bullet recovered from Dan's body was fired after Dan had been killed. Photographic evidence confirms Dan was lying in a position to have been hit with this bullet as it was fired from inside of the school. Also there are police reports that confirm gunfire coming from the windows. The photograph I showed you clearly shows bullet holes from these windows. This also explains why there is no shell casing or powder burns or any other evidence that would show this bullet was fired at close range, as stated by the sheriff's department. A careful study of the evidence collected by all government agencies involved confirms that while Jefferson County made these claims (of this bullet having come from Klebold and at being fired at very close range) they knew they were not true.

QUESTIONS THAT HAVE TO BE ANSWERED:

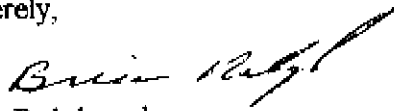

1. Why did police lie to my family stating Klebold shot Dan twice at very close range when they knew ballistic evidence proved that wasn't true?
2. Why when they were confronted with the fact that the only bullet recovered positively did not come from Klebold, as they stated and wrote in their report, did they say it is irrelevant who shot Dan and that it had to be Klebold or Harris? They also claimed that the names were only changed on a quick reference list, even though the final report states the same lie. And then why did they proceed to lie about other things, such as there being numerous bullet fragments around Dan's body while they knew there were none as confirmed by the FBI maps (JSCO press release of 5-24-01)?
3. Why has Jefferson County failed to release the time stamping on its dispatch tapes and 911 tapes? The evidence released under court order confirms the timeline presented by Jefferson County in their official report is false.
4. Why has Officer O'Shea changed his story four times regarding what he says happened on April 20 even though these changes are in direct conflict with his report on April 20, 1999? We have no account for any of O'Shea's bullets including his firing at a suspect long after the time Jefferson County says the suspects are dead.
5. Why and how can physical evidence selectively be ignored by Jefferson County when it conflicts with the statements given by traumatized and injured eye-witnesses?

Page 3 of 3

6. How could Klebold and/or Harris have shot and killed my son from behind as he ran from the school when there is no doubt that the fatal bullet came from the front?

If you have questions regarding what evidence I base these statements on, please call me. I will provide you with page numbers, photos, or anything else you need to help with this investigation.

Sincerely,

Brian Rohrbough

I would like to take this opportunity to introduce myself. My name is Robert Jaworski, a detective with the El Paso County Sheriff's Office. In January of 2002, the El Paso County Sheriff's Office was requested to conduct an independent investigation into the death of Daniel Rohrbough, a student attending Columbine High School in April of 1999. As a result of this investigation, you have been identified as someone who may have pertinent information that could assist in the investigation. Therefore, I would like to speak with you.

I understand that the shooting at Columbine High School on April 20, 1999, was a very traumatic and tragic event for everyone involved. However, it is imperative that I make every effort possible to resolve the issues and questions surrounding Daniel Rohrbough's death. In an effort to minimize the impact on you personally, my questions will be narrowly focused on the events leading up to and surrounding Daniel Rohrbough's death. I will make every effort possible to accommodate your schedule and would be willing to speak with you in person or by telephone. If you decide to speak with me, I may be reached at any of the following numbers:

- 719-520-7190 (office/voice mail)
- 719-651-8540 (cellular phone)
- 719-279-5125 (pager)

If for any reason you do not want to speak with me, I can sympathize with and will respect your decision. I would only ask that you please notify me of your decision. I will not attempt to contact you again once I have been notified of your desire not to speak with me.

Sincerely,

Robert Jaworski
